### **Ema-Jhon Ecommerce (MERM) :**

- Every user can add to cart product and if they want to proceed check out then need to login and give their information and card number then order pleased.
- Admin can added products form manage inventory menu
- Order review page for see your added products.
- You can search a product which you want

**Uses technology** : React ,React Router ,Context Api, Nodejs, expressjs, HTML ,CSS , Bootstrap ,firebase authentication ,firebase,heroku etc.

**Github** : <https://github.com/sheikhhasib/ema-jhon>

**Live site link** : <https://ema-jhon-24635.web.app/>

### **Travel guru :**

- Travel guru help to get you better hotel , this site have three different places for visit .
- Home page have three places card any one click and give their address and time schedule then click start booking .if you not login user please login and select your room.
- There also added google map you can see location when you want to visit .
- There I also uses firebase authentication system so don't worry your info hosted very safe please.

**Uses technology** : React ,React Router ,Context Api, React Bootstrap ,Google map ,firebase authentication ,firebase etc.

**Github** : <https://github.com/sheikhhasib/travel-guru-react>
